* Site Selected by Multiple Applicants

*Suffolk County Shellfish Aquaculture Lease Program in
Peconic Bay and Gardiners Bay*

PUBLIC NOTICE

**REQUEST FOR WRITTEN COMMENTS ON PROPOSED SHELLFISH
AQUACULTURE LEASE SITES**

Notice is hereby given that the Suffolk County Department of Planning has received 28 applications for Shellfish Aquaculture Leases in Peconic Bay pursuant to Local Law 25-2009, *A Local Law Establishing the Suffolk County Shellfish Aquaculture Lease Program in Peconic Bay and Gardiners Bay* (Chapter 298, Article II of the Suffolk County Code). These applications were solicited under Shellfish Aquaculture Lease Application Cycle #3 from new shellfish farmers who are interested in starting a shellfish aquaculture business, or existing shellfish farmers who wish to expand their current operations. Applicants were asked to select up to three preferred lease site locations in priority order. Due to annual acreage cap limitations, only eleven 10-acre leases and one 5-acre lease could potentially be leased under Cycle #3 (total of 115 acres). Pursuant to the administrative procedures described in the *Lease Program Management Plan* (August 2009), all proposed lease sites are subject to review and comment by the public, as notified in this Public Notice. A total of 76 lease sites were identified in the lease applications. Pertinent data and information on each of the 28 applications received, numbered SCALP-11-03-01 to SCALP-11-03-28, including the location (center point coordinates) of the lease sites, are contained in Attachment A to this Public Notice.

Suffolk County Shellfish Aquaculture Leases authorize access to public underwater lands for the controlled or partially controlled raising, breeding, growing, and containment of shellfish through on-bottom and/or off-bottom culture techniques for a term of 10 years. Pending the issuance of permits by the New York State Department of Environmental Conservation and other regulatory agencies, lessees would be allowed to deploy shellfish culture gear on their leases to facilitate shellfish grow-out activities.

Shellfish Aquaculture Leases may be either a 5-acre or a 10-acre square. The proposed sites are all located within the adopted Shellfish Cultivation Zone. The Aquaculture Lease Status Map shows the location of the 76 lease sites submitted for consideration under Lease Application Cycle #3. This map is available for viewing at the Interactive Aquaculture Lease Status Website, which can be accessed at www.suffolkcountyny.gov/aquaculture. This map shows the regional distribution of the sites throughout Peconic Bay and Gardiners Bay. *Despite the fact that 28 lease applications were received, it is emphasized that only eleven 10-acre sites and one 5-acre site, could potentially be leased under this cycle.*

This Public Notice and maps showing the sites selected by each applicant for review have been posted at the following locations:

- Suffolk County Department of Planning, 100 Veterans Memorial Highway, Hauppauge, NY 11788

PUBLIC COMMENT:

All comments regarding the lease applications must be prepared in writing and mailed to the contact person listed below prior to the expiration date of this notice –June 24, 2011. Such comments should be targeted to a specific lease site(s) by referencing the applicable Lease Site Map ID #(s), as shown on Attachment A in this Public Notice. The comments should include supporting information and data to the maximum extent possible.

Those parties raising an objection to the leasing of a particular site or sites based on reasons of natural productivity and commercial fishery, should send a notarized letter, stating the particular reason(s) for the objection based on what was harvested and sold during the previous five years from the site(s) in question. Documentation supporting the claim should also be provided, including a copy of the parties' commercial harvest license, and documentation on harvests and sales, as applicable.
